🛫 VIBE WITH KQ — UX & FRONT DESIGN BLUEPRINT

🎯 1. Core Idea

A lifestyle-driven digital platform for Kenya Airways passengers and business partners that:

- **Enhances pre- and post-flight experiences**
- **Connects passengers with verified local businesses (hotels, taxis, tours, merchandise)**
- **Showcases KQ culture, community, and employee passions**
- **Builds a living ecosystem — *"Feel the Pride, Live the Vibe."***

🧩 2. UX STRUCTURE (User Flow & Functional Logic)

🔸 User Personas

Persona	Needs	What Vibe With KQ Provides
Passenger	Secure, trusted services pre-travel	Curated business listings by destination
Local Business	Access to KQ customers	Platform to list services to verified travelers
KQ Employee	Expression of passion, engagement	"KQ Vibes" community space

Tourist / Youth	Inspiration, mentorship	Vibe stories, aviation news, community programs

---

🔸 3. USER JOURNEY FLOW

🧭 Stage 1: Landing

Goal: Emotionally engage & show value instantly

- **Hero tagline: *"Fly. Feel. Belong — Vibe With KQ."***
- **3 CTA buttons:**
  - ✈️ ***"Plan My Trip"*** **(passenger section)**
  - 💼 ***"List My Business"*** **(business community)**
  - ❤️ ***"Join the Vibe"*** **(KQ staff & fans hub)**

✈️ Stage 2: Passenger Flow — *Trip Assistant*

User Action: Clicks *Plan My Trip*
Experience:

1. **Select travel destination (auto-detect from booking ref or dropdown list)**
2. **Choose need type:**
   - 🏨 **Hotels**
   - 🚖 **Transport**
   - 🏝️ **Tours**
   - 🛍️ **Merchandise**
3. **Browse verified listings with price filters, gallery, map view.**

4. **Book or reserve directly (via M-Pesa, card, or invoice).**
5. **Confirmation SMS/email with QR + booking code linked to their ticket number.**

UX Highlights:

- **Smart "Destination Concierge" chatbot to guide booking.**
- **"Local Tips" sidebar: customs, language, must-try foods, cultural etiquette.**
- **Ratings & reviews from fellow KQ travelers only (ensures authenticity).**

💼 **Stage 3: Business Community Flow**

User Action: Clicks *List My Business*
Experience:

1. **Create Business Profile (verify via KQ team).**
2. **Upload photos, description, price range, and service tags.**
3. **Manage incoming bookings from verified travelers.**
4. **Payment dashboard shows KQ commission and earnings.**

UX Highlights:

- **Businesses appear *only to verified ticket holders* → exclusivity builds trust.**
- **AI suggests performance analytics ("most viewed destinations," "preferred price ranges").**

❤️ **Stage 4: KQ Family Flow — *The Vibe Community***

User Action: Clicks *Join the Vibe*
Sections:

- **Employee Vibes: showcase staff hobbies — e.g., “Captain John the marathoner,” “Engineer Aisha the painter.”**
- **Community Projects: tree planting, mentorships, CSR.**
- **Cultural Moments: mini-documentaries, KQ Day photos, choir clips, heritage festivals.**
- **Vibe Hub (Social Space):**
  - **Internal blog & gallery (accessible to staff, fans, and alumni).**
  - **Event calendar (upcoming company, community, or aviation events).**

UX Highlights:

- **Gamified badges (e.g., “Pride Ambassador,” “Wildlife Hero,” “KQ Star”).**
- **Encourages social sharing — posts exportable to X/Instagram but managed on KQ servers for safety.**

💰 Stage 5: Monetization & Profit Channels

- **Commission from verified business transactions.**
- **Sponsored destination pages (e.g., “Vibe with KQ – Dubai Edition”).**
- **Merchandise & souvenir sales.**
- **Event ticketing for cultural festivals & CSR collaborations.**

💻 4. FRONT DESIGN (UI/UX VISUAL SPEC)

🖼️ A. Design Style

- **Theme: Modern African luxury — warm reds, soft neutrals, tribal pattern accents.**

- Font: “Manrope” or “Lato” (clean, premium feel).
- Logo: Minimal “Vibe ✈ KQ” wordmark with motion trail or pulse line.
- Mood: Inviting, vibrant, authentic — different from KQ Holidays’ tourism-driven tone.

🎨 B. Homepage Layout (Wireframe Overview)

Section	Description
Hero Banner	15s looping cinematic reel (crew, wildlife, culture). Overlay: tagline & 3 CTAs (“Plan My Trip,” “List My Business,” “Join the Vibe”).
Vibe Stories Section	Scrolling gallery of short stories — “People of KQ.”
Destination Vibes Map	Interactive globe with pins → select region → see hotels, tours, and experiences.
Community Feed	Curated posts from staff & community (“#VibeWithKQ Moments”).
Souvenir Shop Carousel	Shop travel kits, apparel, mugs, Vibe-branded accessories.
Footer	Contact, policies, “Powered by Kenya Airways.”

🧭 C. Destination Page Design

- Split-view layout:

    - Left: destination imagery + local tips
    - Right: tabs → Hotels / Tours / Taxis / Merch
- Each listing card includes:
    - Photo slider
    - Verified badge
    - Price estimate
    - “Book Now” (linked to payment & ticket validation)
- Sticky navbar for easy navigation.

👩‍💻 D. Business Dashboard (B2B Interface)

- KQ-branded control panel with metrics: views, clicks, conversions.
- Easy upload form with automatic resizing for visuals.
- In-app notifications for booking requests or payments.
- “Boost My Listing” feature (paid premium visibility).

🌍 E. KQ Family Portal (Intranet + Public Hybrid)

- Profile section for each employee (bio, interests, passion projects).
- “Vibe Clubhouse” — digital lounge for updates, challenges, and recognitions.
- Event signup, gallery, and voting features for internal engagement.

📱 5. MOBILE EXPERIENCE

- **Responsive PWA (Progressive Web App) for all devices.**
- **Simple tile layout → “Book,” “Shop,” “Vibe,” “Community.”**
- **QR access in in-flight magazines and boarding passes.**
- **Offline view for upcoming trip itinerary & cultural guide.**

🧠 6. TECH STACK RECOMMENDATION

Component	Suggested Tech
Frontend	React + Next.js (fast, modular)
Styling	Tailwind CSS + ShadCN/UI
Backend	Node.js / Express
Database	MongoDB (flexible for listings & users)
Integration	KQ Booking API + M-Pesa STK push
Hosting	AWS / Vercel
CMS	Strapi (for easy content updates)

🧭 7. DIFFERENTIATION FROM KQ HOLIDAYS

KQ Holidays	Vibe With KQ
Focus: curated travel packages	Focus: lifestyle + business ecosystem
Transactional (book + pay)	Experiential (connect + engage)
Targets tourists	Targets KQ passengers & community
Marketing-driven	Culture & storytelling-driven
One-off bookings	Continuous engagement before, during, after flight

---

💡 8. PASSENGER BENEFITS

- Saves time and cost — verified local services at destination.
- Builds trust — access via ticket number ensures authenticity.
- Adds emotional value — explore, connect, and remember.
- Provides cultural enrichment — makes travel more meaningful.

✈️ 9. BUSINESS IMPACT FOR KQ

- New revenue stream (commissions, ads, merch).

- **Community goodwill & brand equity.**
- **Staff morale boost through internal engagement.**
- **Global positioning as Africa's most human-centered airline.**

🌟 10. Tagline Options

- **"Feel the Pride. Live the Vibe."**
- **"Your Journey, Your Story — Vibe With KQ."**
- **"Connecting Culture, Passion, and Flight."**
